Executive Summary

Overtime / Court Budget – 2023 YTD Analysis

Call volume in 2023 (January 1st to September 1^{st,}, 2023)

- Total incidents to September 1, 2019 = **15,553 11.4% INCREASE**
 - 2022 = 13,953
 - 2021 = 14,816
- +1600 incidents to Sept 01, 2023 (compared to 2022)
- +200 average incidents per month

*Decreased Federal Charges (January 1st to September 1^{st,}, 2023)

- Total CC/CDSA/YCJA charges = 1,168
- o **2022 = 1,560**
- o **2021 = 1,396**

*Mental Health related incidents (January 1st - August 31st, 2023)

- Total MH apprehensions = 248 (2022 = 140)
 - Q1 = **115.96** officer hours spent at STEGH (Q1 2023 = 77.53hrs)
 - Q2 = 151 officer hours spent at STEGH (Q2 2023 = 74.74hrs)
 - Q3 (to Sept 1st) = 84.16 officer hours spent at STEGH (if this trend continues, we will experience record numbers related to Mental Health apprehensions, demonstrating the changing face of policing in a modern society. This is also a strong indicator where other community partners can take the lead to manage Health related issues facing our community.

25% REDUCTIO

77.78% INCREASE

*Hours spent at EGH do not account for the initial call for service time spent at a residence or other location triaging the matter – determining best course of action prior to apprehension.
 *Total MH incidents assisted by CMHA Response Worker = 305 (2022 = 353) 13% DECREASE

We have experienced a fluctuation in staffing as CMHA members move on to other assignments. CMHA processes for identifying and hiring suitable replacements

are hindered by collective agreements causing delays in replacing CMHA personnel. The need for the MOST response has not decreased, but temporarily the capacity to respond was diminished. As the team is now back to full compliment, with the anticipation of adding a fourth member it is expected that CMHA contacts and community support will increase.

BUDGET (January 1st to August 31st, 2019)

Court / OT Budget for 2019 is <u>\$130,000.00</u>

2023 = \$196,354.09 (ACTUAL OVERTIME YTD)

- > <u>2022 = \$213,996.63</u>
- 8.24% REDUCTION in Court/OT expenditures in 2023 after 8 months.

2023 STAFFING ADJUSTMENTS HAVE POSITIVELY IMPACTED THE OVERALL OT/COURT BUDGET

Overtime Implications YTD 2023

<u>Late Investigations</u> = \$38, 466.82 (2022 = \$24,765.04)

- **REASONS FOR LATE INVESTIGATION OT** = Late Investigations for criminal matters charge packages with in-custody implications, late MHA apprehensions, search warrants, missing people, MVC's.
- *2023 has seen a significant increase in Late Investigations as a result of several major incidents
 occurring throughout the year which have necessitated increased police response to effectively
 manage and investigate major occurrences.

<u>Callbacks</u> = \$88,585.96 (2022 = \$67,529.71)

31.2% INCREASE

• **REASONS FOR CALLBACKS** = FIS/SOCO for sudden deaths, Breath/DRE tests, K9 tracks, Search Warrant executions, barricaded subject, Criminal Investigations (fire, sex crimes, conspiracy to commit murder), staffing coverage due to sickness/injury, Prisoner guard/escort duties

*similar to Late Investigations, major incidents have impacted the need for calling in trained investigators to appropriately respond to serious crimes of violence which have occurred in 2023.

*SICK DAYS USAGE COMPARISON (Jan 1 to Aug 31) 2022/2023 = 14% increase

SICK DAYS (Jan 1 to Aug 31, 2023)

- Days = 311 (Sworn took 204 Civilians took 107)
- Hours = 4588 hours

SICK DAYS (Jan 1 to Aug 31, 2022)

- Days = 272 (Sworn took 212 Civilians took 60)
- Hours = 3744

SICK DAYS (Jan 1 to Aug 31, 2021)

- Days =161 days (Sworn took 125, Civilian took 36)
- Hours = 2220

<u>Office / Clerical OT</u> = \$28.98 (2022 = \$252.63)

• **REASONS FOR OFFICE/CLERICAL OT** = continual trends criminal/provincial charges have impacted the Business Office. Entry of charge packages and Crown Brief disclosure preparations are time consuming. In addition, FOI obligations, Docket preparation, CPIC entry/validating, Background Checks, UCR statistics, and PON tracking are all ongoing.

88.5% REDUCTION

<u>Court Security OT</u> = \$1398.43 (2022 = \$2,230.81)

- **REASONS FOR COURT SECURITY OT** = late court sittings for both Criminal and Family matters, guilty pleas and first appearances, late escorts, high risk prisoner/volume of prisoners, victim assistance
- Post Covid courts are trying to find a balance between in person and virtual appearances. The current trend is focusing on having accused parties appear by video whenever possible, thereby reducing the need for in person security.

<u>Staffing Supplements</u> = \$29,904.73 (2022 = \$95,752.52)

- staffing supplements for both Front-line and the Communications Centre
- Staffing levels have improved with the return of members on long term leave, coupled with the Boards commitment to replace officers who are off for more than a year. In the summer months of 2021 and 2022, pre Community Resource Team, staffing was supplemented to 6 officers to effectively respond to issues facing our down core, impacted by the social determinants of health. With the CRU in full deployment and increased staffing levels the need for supplemental officers has decreased significantly.

68.7% REDUCTION

Chair Reith and Members of the Police Services Board,

RE: Crime Severity Index Ranking for 2022 and 2021

The 2021 and 2022 Crime Statistics and Crime Severity Index (CSI) values in Canada have been released. The CSI is a measure of police-reported crime that reflects the relative seriousness of individual offences and tracks changes in crime severity. The CSI is a system used to address the traditional limitations of police-reported crime rates and works to provide a clearer picture of crime trends. Weighted values are assigned depending on the seriousness of each crime which therefore lists serious offences as having more impact than traditional quantitative reporting. The weighted value is assigned based on the severity of sentences handed down by judges in a particular jurisdiction. For the Violent Crime Severity Index, the five contributors are Robbery, Sexual Assaults, Assaults, and Uttering Threats. Overall, the CSI tells us if crimes reported to the police was relatively more or less serious than in previous years.

| CITY | OVERALL CSI / RANK | VIOLENT CSI / RANK | NON-VIOLENT CSI / |
|------------|--------------------|--------------------|-------------------|
| | | | RANK |
| St. Thomas | 71.4 / 124 | 59.4 / 202 | 76.8 / 101 |
| London | 88.6 / 80 | 107.2 / 74 | 81.9 / 85 |
| Woodstock | 79.7 / 103 | 59.7 / 201 | 88.4 / 70 |
| Timmins | 162.1 / 23 | 229.8 / 13 | 136.4 / 33 |
| Cornwall | 111.9 / 50 | 135.7 / 48 | 103.4 / 51 |

2021 Values and Ranking in Canada

2022 Values and Ranking in Canada

| CITY | OVERALL CSI / RANK | VIOLENT CSI / RANK | NON-VIOLENT CSI / |
|------------|--------------------|--------------------|-------------------|
| | | | RANK |
| St. Thomas | 80.6 / 103 | 66.6 / 192 | 86.9 / 78 |
| London | 79.7 / 106 | 90.9 / 113 | 75.9 / 104 |
| Woodstock | 91.2 / 76 | 82.4 / 140 | 95.5 / 64 |
| Timmins | 148.5 / 30 | 192.4 / 20 | 132.1 / 35 |
| Cornwall | 112.9 / 49 | 145.8 / 36 | 100.7 / 59 |

As you can see, St. Thomas has increased slightly in crime severity from 2021 to 2022. In contrast to the comparable sized communities listed, we are in much better shape. London is an important location to monitor as their crime trends undoubtedly spills over into our City simply due to

proximity (and vice versa). A positive sign is that London's CSI has improved from 2021 to 2022. London's Violent Crime Severity remains higher than St. Thomas and a value to watch in the years ahead. Proactive strategies can be planned at budgeting time considering this data.

If you have any questions, please do not hesitate to contact me.

SCOTT E. BARNES Deputy Chief of Police

September 11, 2023

Earl Taylor, Chair Downtown Development Board 545 Talbot Street St. Thomas, ON

Mr. Taylor,

This letter serves to provide an update to the business community in downtown St. Thomas of the programming that the St. Thomas Police Service will be enhancing this Fall. The St. Thomas Police Service continues to review, enhance and action the best services to support the business community in our beautiful and historic downtown. We recognize the unique challenges and concerns that the Downtown Development Board have raised and we have been and will continue to support your needs from a public safety perspective.

With policing facing a host of challenges around managing growing volumes of demand, the increased complexity of calls involving a collaborative of human services, and the ever-present financial pressures on delivering an effective service to the public, we will be making the final adjustments to our Community Resource Team as planned from its inception in 2022. We feel these adjustments will better serve the downtown business community and enhance feelings of safety, security, and support the health of a thriving downtown business sector.

As individuals, communities, and service providers, we all deserve to feel safe and to be safe. In other words, a thriving City where everyone feels secure, enjoys a sense of belonging, has access to the services they require and can visit their downtown to experience the many shops and restaurants that await.

Police services are an essential part of community safety and well-being. A growing number of calls for police services are related to mental health or substance use issues, and there is growing pressure on the justice system to more appropriately respond to and support those who are impacted by it. In St. Thomas, we are finding new and innovative ways to address the issues that contribute to feelings of safety and security. Similar to the City's passionate pursuance of contemporary affordable housing options, the STPS is reimagining ways to be operationally responsive and cost effective.

Collaborative partnerships continue to be strengthened to address reducing the vulnerability to criminality for certain individuals that navigate to the downtown area for certain services. The St. Thomas Police Service continues to analyze trends, provide round the clock patrols, prevent and investigate crime, assist victims, and deploy a highly trained team of Special Constables to focus solely on the downtown.

As the crime severity index increases throughout Ontario and specifically in St. Thomas, innovative strategies are required to ensure police resources are not stretched too thin in areas that must be addressed by social and health professionals. As you are well-aware we've seen a shift in the types of crime and disorder issues that are present in St. Thomas in recent years. Socioeconomic impacts have manifested in many cities in recent years and St. Thomas has not been immune to these challenges.

Page 21 of 34 Access to social and health services has been identified as a main contributing factor. These issues have typically been more prevalent in larger cities but have now migrated to smaller communities. This is a natural progression that evolves with growth. A number of social determinants of community health and development are affecting cities throughout Canada, and in particular – in local downtown regions. Homelessness and poverty are social issues that are affecting a growing number of people. Many struggle to find shelter – a basic human need for survival. Mental health and substance use disorders are increasing as well.

The St. Thomas Police Service is committed to finding resourceful and effective ways carry out our obligations to the core functions of policing and continue to support all citizens. Responding to the increasing demands within the health and human services realms is proving to be an unsustainable venture. Frontline officers have been increasingly responsible for much more than the core-functions of public safety. Police officers are increasingly expected to solve a variety of problems that develop in the community. The bulk of the matters we are responding to have minor criminal elements, if any, and are typically related to quality-of-life issues.

In terms of the vulnerable individuals struggling with mental health and substance use disorders in our community – they are often marginalized and stigmatized. Their care and treatment must be managed by a complex consortium of mental health professionals that are both community and hospital based. Unfortunately, as we continue to see, if left untreated or ill-managed, these individuals experience frequent crises and an exacerbation of symptoms that result in frequent police interactions and visits to the hospital. The police become the default agency to resolve these health and social disorder matters.

As with many municipalities and police agencies, looking for ways to be cost-conscious while still providing excellent services, is an ever present challenge. Being responsible financially to the City of St. Thomas, and finding the most appropriate ways to support downtown businesses remains a priority for us.

As such, the St. Thomas Police Service will be finalizing the planned adjustments to the Community Resource Unit. We have been actively recruiting to ensure a team of six Special Constables will be deployed to focus on the downtown core areas. This team will continue to be based out of our satellite office at 584 Talbot Street. This office space was created with the intentions of offering the downtown community a service delivery hub staffed with specially-trained civilian public safety professionals. I am pleased to report that this team will be expanded and in place in the coming weeks.

Constable Katherine McNeil, one of our original downtown foot patrol officers, will be moving on to a new assignment within our police service. As you know, the STPS Community Resource Unit was strategically designed and intended to be comprised of nonsworn members that come from a multitude of educational and professional backgrounds. We have selected these individuals carefully. As with all police agencies throughout the country, we too are ensuring our police officers are assigned to core functions while finding new solutions to support social and health agencies as they lead the way from a harm reduction, crisis intervention, counseling, and clinical approach. We are proud of the connections that Constable McNeil established with downtown businesses and we will ensure that knowledge and passionate approach will be relayed to our new team.

We look forward to continuing our partnership through the enhancements underway to our Community Resource Unit. Your interests have always been amongst our top priorities. You will continue to receive our unwavering commitment.

Best regards,

Marc Roskamp Chief of Police

PROTECTIVE SERVICES REPORT

SUMMER 2023

CORPORATE COMMUNICATIONS - VIDEO FEATURES

Arrest made in armed robbery

A robbery investigation that began on July 21st, 2022 has concluded with the arrest of a 29 year old male from Richmond Hill. St. Thomas Police Services Criminal Investigation Branch worked continuously over the last year to identify, locate and charge Atteye.

<u>As the school year ended and summer break began,</u> the St. Thomas Police Service emphasized the importance of bicycle safety for children and adults alike. With more people taking to the streets on bicycles, it was crucial that we prioritized safety to ensure a pleasant and accident-free summer.

<u>'Back to School – School Supply Drive'</u> Our mission was clear: to ensure that every student had the tools they required to thrive in their classrooms and achieve their full potential. With the generous support of our community members, we acheived just that. A positive and lasting impact on the education and future of our young learners

NEW STAFF

Since June 2023, STPS has welcomed special constable Connor Daugherty and CMHA staff Abbie Dale. Constable Spencer Damstra was sworn in to service in August.

STAFF EVENT

On July 26th the St. Thomas Police Service hosted a fun lunch event with food truck and fun for our staff and families. Year two of the event was a great success; an event we look forward to continuing.
